## G.C.E. (O/L) Examination - 2020

### Common techniques of marking answer scripts.

It is compulsory to adhere to the following standard method in marking answer scripts and entering marks into the mark sheets.

1. All assistant examiners must use a red colour ball point pen for marking answer scripts.
2. Chief Examiner must use a mauve color pen.
3. Note down Examiner's Code Number and initials on the front page of each answer script. The digits must be written clearly when marks are indicated.
4. Write off any numerals written wrong with a clear single line and authenticate the alterations with Examiner's signature.
5. Write down marks of each subsection of each question in a  $\triangle$  as a rational number and write down the final marks of each question as a rational number in a  $\square$ . Use the column assigned for examiners to write down marks.
6. The arithmetic checker (EMF) must use a blue or black pen to indicate the checking.

**Example:**

**Question No. 03**

(i)

.....  
.....

$\triangle$

**Total**

$\square$   
 $\frac{10}{15}$

**MCQ answer scripts:**

#### 01. Preparation of Templates

- (i) Mark the correct options on the template according to the Marking Scheme.
- (ii) Cut off the marked windows with a blade.
- (iii) Cut off the cages for Index Number and the number of correct options so as to be able to place the template correctly on the answer script.
- (iv) Cut off a blank space to the right of each options column to mark right or wrong.
- (v) Get the approval for the prepared template from the Chief Examiner.

#### 02. Then, check the answer scripts carefully. If there are more than one or no answers marked to a certain question write off the options with a line. Sometimes candidates may have erased an option marked previously and selected another option. In such occasions, if the erasure is not clear write off those options too.

#### 03. Place the template on the answer script correctly. Mark the right answers with a 'v' and the wrong answers with a 'X'. Write down the number of correct answers inside the cage given under each

column. Then, add those numbers and write the number of correct answers in the relevant cage. Write the converted mark in the relevant cage in the occasions where marks have to be converted.

### **Structured essay type and essay type answer scripts:**

1. Cross off any pages left blank by candidates. Underline wrong or unsuitable answers and mark them as wrong. Show areas where marks can be offered with check marks.
2. Use the right margin of the overland paper to write down the marks.
3. Write down the marks given for each question against the question number in the relevant cage on the front page in two digits. Selection of questions should be in accordance with the instructions given in the question paper. Mark all answers and transfer the marks to the front page. Write off answers with lower marks if extra questions have been answered against instructions.
4. Add the total carefully and write it in the relevant cage on the front page. Turn pages of answer script and add all the marks given for all answers again. Check whether that total tallies with the total marks written on the front page.

### **Preparation of Mark Sheets.**

- I. Except for the subjects with a single question paper, final marks of papers will not be calculated within the evaluation board.
- II. The Final mark relevant to each paper must be entered to the mark sheets separately.
- III. Enter marks of paper I in "Total Marks" column of the mark sheet and write them in words as well.
- IV. When the mark sheet of paper II is prepared, the final mark should be written in "Total marks" column after entering detailed marks.
- V. For the subject 43 Art, Paper I, paper II and Paper III Marks should be entered numerically in the separate mark sheets and should also be written in words.
- VI. For subjects 21 - Sinhala language and literature and 22 - Tamil Language and literature, paper I marks once entered numerically should be written in words. Use separate mark sheets for the papers II and III and enter the total marks in the "Total marks column" after entering the relevant detailed marks.

#### **Note**

- I. **Final marks for paper I, paper II or paper III should always be entered to the mark sheet as a whole number. They should never be kept as decimals or half values.**
- II. **The examiner who entered marks, the examiner who checked marks, the EMF and the chief examiner must certify the accuracy in all page of the mark sheets with their code numbers and signature.**

**7. Select two of the following topics and write short notes basing your answers on Biblical teachings.**

**(i) Healing**

**Healing.** The aim of healing by Jesus was to have mercy and compassion towards the sick. He healed various diseases, eg physical healing, mental healing, driving away spirits. Today, we too are expected to be instruments of healing by praying for them, visiting them, and giving comforting words from the Bible as healing is one of the Kingdom values.

**(ii) Important teaching of Jesus from the Sermon of Nazareth**

\* Gospel to the poor from the sermon on the Mount and Sermon on the Plain. Jesus proclaimed concern for the poor. We too need to look after those who are in need and help them.

\* Redeeming the slaves .Jesus proclaimed in His Ministry and He released the slaves of then society. We are called as Christians to do the same. Eg those who are addicted to drugs liquor and wrongdoings to save them from such situations.

\* Sight to the blind. Those who were spiritually blind were brought back to the correct path. Eg. Zacchius and the sinful woman. We too should give the good news gospel to those who need to be brought to the spiritual realm by praying and giving the gospel to them.

Oppressed were brought back to the society. We too need to be voice to the voiceless. Eg factory workers, estate workers.

**(iii) Nicodemus and Jesus**

**Nicademos and Jesus.** A leader of the Pharisees came by night as he was waiting to meet Jesus regarding spiritual problems. Jesus said ‘unless you are born again you will not enter the Kingdom of God’. He explained the deep truth to Nicamemus. In the same way those who are committing sin and do not know about the spiritual life we need to tell them about the spiritual new life. This will help to face challenges and gain eternal life.

**(iv) Shared leadership**

**Shared leadership.** Jesus shared leadership with his disciples, Paul shared his leadership on his missionary journeys eg Barnabus, John Mark. Helps to face challenges, to work together for good of others. When we are placed in a leadership position it is important to follow this example. Be humble, share leadership, be a servant leader which will help us to go forward with courage and face challenges.
